# SKI & SNOWBOARD REQUIREMENTS

We are excited for the upcoming ski & snowboard camp! As we gear up for an exhilarating week on the slopes, we want to ensure the safety and enjoyment of all our campers.

It is essential that each child possesses a minimum requirement of intermediate ski or snowboard skills to participate in counselor guided activities on the mountain, as we do not provide on-site lessons.

Our dedicated camp staff will conduct a skill evaluation on a pre-run before heading up the mountain to assess the kids' capabilities. If, for any reason, your child does not meet the intermediate skill ski or snowboard requirement, we have an excellent solution available.

Parents can opt to purchase private or group ski or snowboard classes at an additional cost. These lessons must be reserved at least 2 weeks before the camp starts, providing your child the necessary skills to enjoy the mountain safely.

We appreciate your understanding and cooperation in ensuring a fantastic and safe skiing experience for all our campers.

*Adventures Awaits*
